WHY SHOULD YOU ATTEND?

Retaining top talent has never been more critical than it is today. Our best are being poached by our competition. They are being run off by poor leaders and pushed away with misguided practices. We invest countless time, energy and money into our key leaders only to have them go across the street because they believe the “grass is greener” somewhere else. In our sessions together we will roll up our sleeves and dissect why good people leave, what they are looking for, and how we can position ourselves to create a workplace our team members never want to leave.

As a result of our time together each individual will leave with a plan specifically designed to help your organization retain your top talent.

Full Auto Leadership Retreat is looking for a select group of contractors who are willing to work together, break some rules, and change the game on retaining their top talent.

In our first session we will unpack the motivators and drivers of today’s workforce. We will explore why some of our best people leave today. We will also take a look at how a person leads and communicates plays a role in our team culture, and overall appeal as an employer.

DAY 3

Breakfast

In our second session we will start to dig deep in what we can do to retain our top talent. As a group we will brainstorm creative ways to create a workplace our team will never want to leave. We will explore outside the industry ideas and identify how we can position ourselves as the employer of choice in the marketplace.

NEXT 12 MONTHS

Round Table Discussions via Zoom

We will meet as a group 10 times over the next 12 months as we discuss successes, lessons learned, mistakes and missteps around strategies each organization has implemented designed to retain our top talent.

Individually it is easy to lose focus, get discouraged and quit but when we can leverage the efforts and experiences of others for our own success, great things can happen. The magic of this event is the shared experience coupled with the single focus of retaining our top talent.
